SHOWCASE EVENTS

SHOWCASE EVENTS:

Showcase events are open to skaters in Basic, Free Skate, Limited Beginner through Preliminary and Adult Bronze. Groups will be divided by number of entries and ages if possible. Skaters must enter at the same level as their free skate event or highest test level of skater's in the group ensemble or production number. If a free skate event is not being entered, skaters must enter at their current test level or one level higher. Vocal music is permitted.

Show costumes are permitted, as long as they do not touch or drag on the ice. Props and scenery must be placed and removed by unaided singles and duet competitors within one minute and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A .2 deduction will be assessed by the referee against each judges' mark for each five seconds in excess of the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint, for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious losses of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice.

6.0 Judging will be used. Deductions will be made for skaters including technical elements not permitted in the event description.

The first skater will hear the music one more time and then perform a program to the music. As each skater performs the next skater in line will be allowed to hear the music for the third time before they perform to the music. The listening skater will not be allowed to view the performing skater.

Team Compulsories

EVENT: Basic Skills Team Compulsories

Format:

The designated skater from each team will perform their chosen element in sequence on full ice, with no music, and will follow this format:

1. Minimum of three skaters on a team; each skater will do at least one required element.
2. When the event is called, all skaters will take the ice for a two (2) minute STROKING ONLY warm-up.
3. This will be followed by a one (1) minute individual warm-up for the elements.
4. Teams will be directed to find a "base" for their team along the boards on the ice where they will stay for the remainder of the event.
5. The announcer, referee or judge-in-charge will call the first element (e.g. jump or stop) to be performed.
6. The team member performing the element will step forward and execute the skill, with the element first being performed by the skater on team one, then team two, then team three and so on
7. Once all the teams have had their skaters complete the element, the next element will be called.
8. Judging is done with one mark for each element (skater) for total team points.
9. Repeat #4-7 above as this will be done in sequence until all the elements at each level are completed.
