## PREPARING FOR THE COMPETITION

Is this your first competition? You might need a little help from our professional staff! Test Maneuvers may be entered without additional instruction. All other events require a program. If this is your first competition you will need to confirm your I.S.I. Membership and test to the appropriate level. To do that, and in order to prepare a program for the competition, participants will need to select a coach for private lessons. During the lessons, the instructor will help the skater select the appropriate level and event in which to compete, schedule tests (for a small additional charge), and they will put together the necessary routine. If you already have a private instructor, let them know today that you are interested in competing.
