There is no option to purchase additional practice sessions, which is what is meant by “No practice sessions are currently available.” Please see below.

No practice sessions are currently available.

Practice sessions for IJS teams have been automatically added to the registration. This means that no additional sessions can be purchased at this time.

2. When you go to your shopping cart, you will see that your mandatory practice ice is listed as “Free.” All that means is that there is no additional charge; the price has been included in the entry fee. See below.

The screenshot shows a website navigation bar with links for Competition, My Account, Practice Ice, and Help & Misc. A shopping cart icon with the number 2 is visible, along with a 'Go to Shopping Cart' button. The main content area features a blue 'Shopping Cart' box. It lists an event: 'Synchronized Team Short Program (IJS), Junior' with a total price of \$610.00. Below this, it shows 'Practice Ice' with 'None selected'. Under 'Warmups', 'IJS Official PI' is listed as 'Free'. A callout box explains that this refers to a practice session already included in the team's entry fee. The subtotal is \$610.00, and a 'Proceed to checkout...' button is at the bottom.

Item	Price

3. Junior and Senior teams that wish to enter both the short and freeskate events should select the option as shown in this illustration. This will ensure that you will be charged the correct price.
