Eligibility

- All skaters entering this competition must be individual members of ISI and currently registered with ISI.
- *** All skaters must skate at the level of the highest test passed and registered with ISI on or before 1/14/2017.**
- Members of USFS who are also individual members registered with ISI are eligible to compete in accordance with the current ISI/USFS joint statement of policy. USFS members must have passed and registered all ISI tests up through the ISI level at which they will compete and may not skate at a Freestyle level lower than those listed in the following chart.

Note: USFS Moves in the Field test levels have no bearing on the corresponding ISI test level. For events other than Freestyle and Compulsory, skaters may be grouped according to the new Open Freestyle groupings. In Open Freestyle events, skaters may skate in a higher level if they elect to, based on test equivalents, but may not skate at a lower level. USFS skaters who have only taken the ISI Open FS tests may skate up from the equivalencies noted in the chart above, but must also have passed the higher Open FS test they are competing in. (Example: a skater who has passed the USFS Preliminary FS test is eligible to compete in Silver Open FS events as long as he/she has passed the Silver Open Freestyle test, but may compete in Gold Open FS provided the skater has also passed the Open Gold FS test). **Please note that Open FS events do have limitations on permitted maneuvers. Please see the chart included in this announcement for maneuver limitations for each Open FS grouping.**

Information on ISI Open Freestyle:

USFS skaters who have already passed pre-preliminary, adult pre-bronze or any higher tests and wish to compete in ISI Freestyle events do not need to go back and pass any previous ISI tests. They only must have passed the ISI Open Freestyle test that corresponds to their current USFS level. ISI Freestyle skaters do not have to pass any additional test(s) to compete in the Open Freestyle Event at the corresponding test level below.

Registration and Music

- Skaters must check in at the Registration Table and turn in their CD's no later than 1 hour prior to their scheduled event. Skaters must check in with the respective Rink Monitors 20 minutes prior to the start of their event. Events may run ahead of time.
- All music must be recorded on standard size CDs and labeled. The label must include: the competitor's name, team name, event, and age group.
- The lead time before the program must not exceed 15 seconds.
- Please have a back - up with you for each CD needed for this competition. Only one program should be on each CD.
- CDs should be picked up at the Registration Table after the event has been completed.

Web Site

Visit www.sgsaparade.com starting in February 2017 for information on actual competition schedule, available practice ice and any other updated information. Preliminary competition schedule will be posted in mid-February and the final schedule will be emailed to team liaisons. There may be minor time changes in events and resurfacings when final schedule is posted.

Hotels

Parade Ice Garden is located next to downtown Minneapolis, and adjacent to the Walker Art Center and the Minneapolis Sculpture Garden. The Ice Garden is just minutes away from a wide range of Hotels and Restaurants. Here are two links of hotels that have given Skate Parade special pricing. Please book on line using the link below or calling the hotel directly and asking for the "Skate Parade" block: **Holiday Inn Express and Suites – Skate Parade and Homewood Suites – Skate Parade.**

General Rules

- Skaters in all events are permitted to perform any maneuvers out of a lower test level.
- If the wrong music is played and the skater stops and notifies the referee within the first 20 seconds, the skater may re-skate the program.
- The designated referee will decide the action on any mishap or unforeseen difficulty. An untied skate or forgotten program falls under the referee's jurisdiction.
- No coaching is allowed during interpretive or stroking events.
- Uncaptured gliding maneuvers and Uncaptured jumps and spins may be performed as stated in the 2016 ISI Competitors Handbook.

All competition rules will be in accordance with the current ISI Handbook in effect at the time of the competition. Should anything in the below summary rules not be clear, the 2016 ISI official publications will govern the events.

Pre Alpha – Delta Program

Skaters will execute all required compulsory moves in a program with music. All skaters in Pre-Alpha through Delta must add one additional maneuver from Freestyle 1 to their program. In Delta, the skater has a "Choice-of-One" maneuver listed in the manual. This means that only one maneuver should be performed. In case of misinterpretation of "Choice-of-One", the performance of the first maneuver will be judged. Duration: 1 minute

Freestyle 1 - 10 Program

All skaters in Freestyle 1 - 10 are not permitted to perform any additional maneuvers from higher test levels. If a skater has passed one of the FS 5 – 9 tests prior to Sept. 1, 2016, and wishes to compete, the skater will be required to use the new level requirements. The Illusion is now an uncaptured move and may be performed at the Freestyle 1/ Bronze level or higher.

In Freestyle 3, 6, 7 and 8 certain maneuvers are listed under "Choice-of-One". This means only one of the maneuvers may be performed. If more than one is performed, only the first maneuver will be judged. Skaters who compete in the Freestyle 1 – 10 events can ALSO compete in the Open Freestyle event, as long as they compete at the correct level. See chart in ISI Handbook for additional information.

Open Freestyle

Skaters can participate in both Open Freestyle and Freestyle 1 - 10. In Open Freestyle there are no required maneuvers, but skaters are limited to the jump elements listed below. Skaters can perform any spin at any level. The Illusion is now an uncaptured move and may be performed at the Freestyle 1/Bronze level or higher.

Bronze Level/Freestyle 1 - 3	Jumps from Freestyle 3 and below	2 minutes
Silver Level/Freestyle 4 - 5	Jumps from Freestyle 5 and below	2 minutes
Gold Short Program/Freestyle 6 – 7	Jumps from Freestyle 7 and below	2 minutes
Gold Level/Freestyle 6 - 7	Jumps from Freestyle 7 and below	3 minutes
Platinum Short Program/Freestyle 8 – 10	Any maneuvers	3 minutes
Platinum Level/Freestyle 8 - 10	Any maneuvers	4:30 minutes

Stroking – Pre Alpha – FS3

Skaters will perform forward stroking in both directions to music selected by the host rink. Skaters will be grouped by age and test levels. Crossovers are optional and will not be judged. There will be NO warm up for stroking events. *Coaches may not help skater during the actual event.

Footwork Freestyle 1 - 10

Skaters are grouped together by age and ability level, and perform to a program to music containing a footwork sequence of their own design. Skaters must have passed Freestyle 1 or Dance 1 to compete in footwork events. Skaters must perform at their highest test level of Dance or Freestyle achieved. **One half** rotation jumps and spins of less than 3 revolutions are permitted. (Note: ½ loop is a **full** rotation jump). Duration: 1 minute

Interpretive Freestyle 1 - 10

In this event, the skater interprets a piece of music, which is heard for the first time just prior to the event. At Skate Parade, skaters will be given a prop that corresponds with the music. *Coaches may not help their skater

Compulsory – Pre Alpha through Freestyle 10

There will be no music for Compulsory programs. For each level, the skater will perform only the 3 maneuvers listed below. Each maneuver may be performed or attempted only once. Additional maneuvers, such as any jump, spin or gliding maneuvers from any test level and any uncaptured moves are not allowed. This includes, but is not limited to: toe taps, lunges, bunny hops, pivots, etc. Compulsory events Pre Alpha through Freestyle 5 will be skating on half ice. Skaters will be assigned to the Zamboni end, or the Lobby end. There is no penalty for the quantity of swizzles, strokes, or crossovers in the Pre Alpha – Beta levels. Only the quality of these maneuvers is judged, however, skaters should strive to do the minimum number listed below.

Freestyle 1 - 5 will use ½ sheet of ice

Pre Alpha:	Forward Swizzle (5), Backward Swizzle (5), 2 ft Glide
Alpha:	Forward Stroking (5), Right Forward Crossovers (5), Snowplow Stop
Beta:	Backward Stroking (6), Right Backward Crossovers (5), Right OR Left foot T Stop
Gamma:	Right Forward Outside 3 Turn, Left Mohawk Combination, Hockey Stop
Delta:	Bunny Hop, Shoot the Duck OR Lunge, Left Forward Inside 3 Turn
Freestyle 1:	Waltz Jump, Spiral, Two-Foot Spin
Freestyle 2:	½ lutz, One-Foot Spin, Two Forward Spirals
Freestyle 3:	Toe Loop, Change Foot Spin, Salchow Jump

Freestyle 4: Flip Jump, Sit Spin, One-Half Loop Jump
Freestyle 5: Back Scratch, Axel Jump, Lutz Jump

Freestyle 6 - 10 will use full ice surface

Freestyle 6: Double Salchow Jump, Split Jump, Spin Combination (w/change of foot and position)
Freestyle 7: Flying Camel, Opposite Jump, Two Walleys in sequence
Freestyle 8: Double Flip Jump, Split Lutz, Flying Sit Spin
Freestyle 9: Double Lutz, Axel-Double Loop Combination, Flying Camel Spin to Jump Sit Spin
Freestyle 10: Death Drop, Double Axel-Double Toe Loop Combination, Triple Edge Jump of the skater's choice

Skaters who have only passed the Open FS tests who wish to compete in a Compulsory event must do so in the following Compulsory Event Levels:

Skaters that have only passed the Bronze Open FS test, must compete in Compulsory FS3. Skaters who have passed the Silver Open FS test, must compete in Compulsory FS5. Skaters that have passed the Gold Open FS test, must compete in Compulsory FS7. Skaters that have passed the Platinum Open FS test, may choose to compete in Compulsory FS8, FS9, or FS10 (please note the desired level on the registration form).

Solo Spotlight – Pre Alpha – Freestyle 10

Skaters may choose to enter one or more of the following categories, but different programs must be performed if entering more than one category. Skaters may use a prop.

Character - the skater portrays a famous, easily recognizable character.

Light Entertainment - the skater performs a light-hearted, vaudeville type program using music, dance and skating moves. A light entertainment routine can be a character, but does not always have to be.

Dramatic - an artistic theatrical performance by individual skaters that evokes an emotional response from the judges and audience. The skater's interpretation should create a mood that is enhanced by the style, creativity, costuming and props (optional). The overall impression at the conclusion of the performance should be that it was a dramatic performance, not lighthearted as the light entertainment category.

Artistic Skating Freestyle 1 - 10

There are no required maneuvers in Artistic Skating, but there are maneuver limitations. Emphasis should be placed on the creative and innovative design of a skating program. Strong edges, body positions, flow, music interpretation, rhythm, choreography and artistry should be the main focus. There is no grade for technical merit.

Rhythmic Skating Freestyle 1 - 10

Rhythmic Skating will be offered for skaters in Freestyle 1 - 10. This entertaining routine requires the use of a hand prop. The program should contain elements that employ the use of the prop throughout the program. The skater must maintain control of their prop at all times. Spotlight entrance and exit rules apply. Props will not be allowed on the warm-up.

Skaters must choose only one of the following props: Hoop, Ball, or Ribbon.

Jump & Spin Teams (sign up on the Individual entry form and list your partner name in the space provided)

This fun event is for teams of two (2) skaters. The teams can be made up of two friends in the same level category, but not necessarily the same test level. Skaters may skate above their tested level, but cannot skate below their Category Level. Within each Category Level, a skater's choice is not restricted by her/his Freestyle test level. If two skaters from different levels wish to compete together, the jump & spin team will be entered into the highest level of the 2 skaters.

Skaters who have only passed the Open FS test can enter this event but cannot skate below their corresponding category levels.

Category Levels:	Low:	Pre-Alpha – Delta
	Bronze:	Freestyle 1 - 3
	Silver:	Freestyle 4 - 5
	Gold:	Freestyle 6 - 7
	Platinum:	freestyle 8 - 10

Required Maneuvers:

Low:	Jump: Two Foot Hop or Bunny Hop Spin: Two Foot
Bronze:	Jump: 1/2 Flip or Toe Loop Spin: Two Foot or One Foot
Silver:	Jump: 1/2 Loop or Axel Spin: Sit Spin or Back Spin
Gold:	Jump: Double Salchow or Double Toe Loop Spin: Flying Camel or Layback

Platinum:

Jump: Double Loop or Double Lutz

Spin: Flying Sit or Flying Camel Jump Sit Spin

One team of two (2) skaters enters the ice together and stops. The first skater begins and performs the same jump two (2) times. After the second attempt, the first skater stops. The second skater then begins to perform the same spin two (2) times. After the second attempt, the second skater stops.

The same maneuver is performed 2 times, **but only the best attempt is scored**. The maneuvers are only judged for technical accuracy – and not for the difficulty of the maneuver performed.

Depending on number of entries, Low, Bronze, and Silver may be performed on 1/2 sheet of ice, with skaters assigned to either Zamboni end or Lobby end. Full ice will be used for all Gold and Platinum Teams. Teams will have a warm-up. Additional maneuvers and connecting steps are not permitted. Duration is not judged, however, team duration is one minute. Skater substitutions are permitted at the discretion of the Competition Director; however, **a skater may participate on only one Jump & Spin Team at each competition.**

TEAM EVENTS: (sign up using the Team entry form)

Family Spotlight

Two or more family members can perform an entertaining spotlight routine using costumes and props. If necessary, the event groupings are divided first by the number of skaters and then by age groups and/or ability levels.

Duration: 1:30

Team Compulsory Freestyle 1 – 10

Skaters are not permitted to skate below their test level registered at the ISI National Office. Any skater may skate over her/his level (i.e. a Freestyle 3 skater may skate on a Freestyle 5 team, but may not skate on a Freestyle 2 team). Individual skaters may participate on more than one team as long as they are not on two teams at the same freestyle level. The team must perform their program to music with all required maneuvers performed in order, as listed in the ISI Handbook. Coaches should fill out the team entry form.

**It is important that the that the skater performing the required maneuver is highlighted and seen easily by the judges.

Ensemble Team:

This event is open to groups of 3 – 7 skaters of all levels and ages. Skaters will be judged on the entertainment and performance value of the program. There are NO required maneuvers and no technical score; skating maneuvers can be performed at any level. The group must use the music, along with costumes and props, to enhance the theme of their program.

Production Team:

Production teams consist of 8-32 skaters and can be divided into Small (8-14), Medium (15-22), Large (23-32) categories. Props and costumes should be used to illustrate a creative and artistic program. Any and all maneuvers are allowed. Please see the current ISI Handbook for further information.

Synchronized Skating

-Synchronized Formation Compulsories and Synchronized Skating Compulsories will now have General Overall criteria added for all judges.

-In the Synchronized Formation Compulsories and Synchronized Skating Compulsories events, if a required element is repeated, the best performance (not necessarily the first performed) will be scored for the required element.

-In Synchronized Skating Events, lifts are permitted in the Teen Skating, Teen Dance, Collegiate Skating, and Collegiate Dance divisions only.

-In Synchronized Open Skating events, lifts are permitted in the Teen and Collegiate divisions only.

-There are no required maneuvers in the Synchronized Open Skating events, however, no skaters are permitted to perform double or triple jumps, acrobatic lifts, and backward arabesque/spiral intersections.

All ISI Synchronized Teams are required to register annually with ISI office, free of charge, to receive an ISI number. This number is required on all entry forms.
