

The Curtain Call

An Open Showcase & Theatre on Ice Competition

April 8-9, 2017

Hosted by All Year FSC

Sanctioned by U.S. Figure Skating (#24638)

Entry Deadline: March 12, 2017

The Curtain Call Open Showcase and Theater on Ice Competition will be conducted in accordance with the rules and regulations of U.S. Figure Skating, as set forth in the current rulebook, as well as any pertinent updates which have been posted on the U.S. Figure Skating website.

ELIGIBILITY/TEST LEVEL

All competitors/teams must be eligible persons and members in good standing of U.S. Figure Skating by the close of entries. Qualifying tests and ages for all events are as of close of entries Sunday, March 12, 2017.

All levels may not skate more than one level in each discipline, except as specifically noted below. Age restrictions apply as identified in the "Events" section. For Duets, entries must be according to the age and level of the highest test skater. Both skaters must have completed test minimum pre-requisites. ALL ages are as of March 12, 2017.

Skaters may enter any or all singles events for which they are qualified by test level or one level higher. Skaters cannot skate in different levels of the same event (example: a Light Entertainment Level Junior skater would not be allowed to skate Light Entertainment Junior and Senior).

Skaters/teams entering beginner through pre-juvenile events will be divided as closely as possible by age at the discretion of the referee. If necessary, the referee will combine any events as needed based on entries. Juvenile through Senior events will be divided by draw.

Eligibility will be based on skill level as of closing date of entries. It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the Local Organizing Committee discovers that a skater or team has been placed in a category that is below their class level, the referee will have the option to move the skater or team into the proper division, **even if this has to be done the day of the competition**. This will ensure that every event is as fair as possible to the competitors. Please be sure to check for the "director's/instructor's level of skater confirmation" on Entryeze.

ENTRIES

Entries must be submitted online via Entryeze (www.entryeze.com or www.allyearfsc.com and follow link to Entryeze) by **MIDNIGHT March 12, 2017**. All Year FSC requires "on-line" entry. Entries received after the close of entries will be subject to a **\$30 late fee** and may be accepted at the discretion of the Local Organizing Committee and/or referee. **A \$30 Late Fee MUST accompany late entries to be considered.** In no case will late entries or changes to entries be accepted **after March 22, 2017**. A credit card processing fee will be charged. Processing fees are **not refundable**, even if the event is canceled or skater withdraws before close of entries.

Due to changes and increases in credit card processing fees, **American Express will no longer be accepted.** We appreciate your understanding regarding this change. **Credit Card Disputes:** All Year FSC reserves the right to charge an additional fee of \$40.00, in addition to the entry fee to resolve any disputes to the credit card charge. If you have any problems, please contact Helene Krasner (Registrar) for assistance.

REFUND POLICY: Entry fees will not be refunded after March 22, 2017, unless no competition exists or the event is canceled. There will be no refunds for medical withdrawals. The online processing fees are not refundable. Checks returned for non-sufficient funds and contested credit card charges will be issued a \$40 fee. Payment of the fee will be required before the skater/team is allowed to participate in practice ice or events. Notification of competition and practice ice times will be available by email and on Entryeze and on the AYFSC website links. This will be considered sufficient notification of the scheduled events.

FACILITIES

The competition will be held at the Simi Valley Iceoplex, 131 West Easy Street, Simi Valley, CA 93065. This is a two-rink facility. NATIONAL SHOWCASE (August 9-13, 2017 hosted by Santa Rosa FSC, Santa Rosa, CA)

1. Required age and test qualifications must be in effect at the date entries are closed. Subsequent changes will not affect eligibility **(with the exception of Adult Championships and Adult Sectionals)**. Skaters representing another governing body must meet that body's closest possible equivalent to the specified U.S. Figure Skating test requirement. The referee's decision will be final. For Duets, entries must be according to the age and level of the highest test skater. Both skaters must have completed test minimum pre-requisites.
2. Placement Pre-Requisite: Singles competitors, Preliminary through Senior, Adult Bronze through Adult Masters, may compete at National Showcase, if they placed first, second, third or fourth (1) in a contested non-qualifying showcase/theatrical/interpretive skating event held in the United States from the close of entries for National Showcase in the current skating year back to the close of entries for National Showcase in the preceding year; or (2) in the immediately preceding National Showcase. Lower levels are not eligible to compete in National Showcase. Competitors who have entered a competition subsequently cancelled for lack of other entries may substitute a testimonial letter from the chair or the registrar to get a bye to National Showcase.
3. The deadline to satisfy test pre-requisites, placement pre-requisites, and to enter National Showcase is July 13th.

Invitations will no longer be sent to skaters as they have in the past.

JUDGING AND MARKING:

1. Performances will be judged from an entertainment standpoint, for theatrical and artistic qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements.
2. Unintended falls, poorly executed skating elements and obvious losses of control will negatively affect the competitor's/team's marks.
3. Jump difficulty is not rewarded in showcase; therefore, jumps, if choreographed, should be performed with style, flow and confidence.

THEATRE ON ICE

Theatre on Ice uses all aspects of figure skating to incorporate a theme, emotion or story, enhanced by music. It is a package that includes five dimensions:

- Theme
- Music/Sound
- Choreography/Skating movements
- Performance/The rapport between the skaters and/or sub-groups of skaters
- Costuming, props and/or scenery

The quality of the Theatre On Ice performance requires the music, theme and choreography to be consistent with one another and give the feeling of harmony and balance. No one aspect on the performance should be redundant. The goal is to transcend the literal and to create emotion. Theatre on Ice must be adapted to the specific dynamic of figure skating: Quality of gliding and edges, speed, ease and amplitude of movements. It must also look for the proper treatment of groups, and for a good variety in the use of the different elements of skating. The quality of edge, speed, ease and flow of movement should enhance the performance and there should be a balanced incorporation of groups. The performance should be an original work or an interpretation using a unique style. The choreography should be able to stand alone, and the music, costumes and scenery should be used to enhance the overall performance. There is no limit to the number of free skating, pairs, ice dance or synchronized skating elements used in the routine; however, judges will evaluate the congruity of all elements used to the chosen theme and music. Any imbalance of any one element will be reflected in the scoring. Likewise, any over use of highlighting, e.g. skater(s) performing solo elements without connection to story, theme, music and other skaters for the purpose of increasing the technical mark, will result in a deduction of .1 on the technical score.

THEATRE ON ICE EVENTS

Theatre on Ice consists of two programs: The free skate and the choreographic exercise (CE), which is similar to a short program in singles and pairs skating. These two events are judged separately.

RULES

- *Membership*

All members of a Theatre on Ice team must be members of U.S. Figure Skating either through a member club or as an individual member of U.S. Figure Skating. In addition, each team must be registered with U.S. Figure Skating as a Theatre on Ice team (see U.S. Figure Skating rulebook MR 5.07). Teams without a Theatre on Ice membership and/or who have members who are not U.S. Figure Skating members will not be permitted to compete in U.S. Figure Skating sanctioned Theatre On Ice events or events hosted by foreign federations. Applications to register your team with U.S. Figure Skating are available from U.S. Figure Skating Headquarters, Member Services or online at usfigureskating.org, and may be submitted any time of the year.

All Theatre on Ice teams must be registered with U.S. Figure Skating before entering any U.S. Figure Skating sanctioned competition. The **final deadline** for teams to register with U.S. Figure Skating for the **National Theatre On Ice competition** is April 1, 2017.

- *Numbers of Skaters on a Team*

A Theatre on Ice team may have no fewer than eight members, with the maximum number determined by level, all of whom must skate at some point during the visible portion of the performance. A team may have four alternates on their roster. The same skaters must skate both the CE and free skate in combined events.

- *Categories*

There are eight levels of Theatre on Ice teams: Senior, Junior, Novice, Intermediate, Preliminary, Open, Adult, Special Olympics/Therapeutic Skating and Basic Skills. A team may not skate in more than one division in the same competition (i.e. an adult team may not also skate in the Senior division). Teams whose roster, and therefore team level, changes throughout the season may enter different competitions at

different levels as long as they meet the level requirement for that competition as defined by the competition's announcement cutoff date. For the National Theatre on Ice competition, teams must enter must enter the division that reflects their team's age and test levels as of the close of entries for that competition. For non-qualifying competitions, the ability to skate up is the decision of the chief referee, in consult with the Local Organizing Committee, and must be stated in the announcement.

- *Team Competition Category*

A Theatre on Ice team competition category is defined by the team members' age and test levels.

- *Testing Deadline*

Members of a team may continue to take U.S. Figure Skating tests up to April 1, 2017. Teams entering any Theatre on Ice competition other than the National Theatre on Ice competition must abide by that competition's test deadline and guidelines as stated in that competition's announcement.

Other skating federations also divide their teams into Novice, Junior Senior and Adult, but have their own rules governing what constitutes these levels. U.S. teams must adhere to the International TOI Guidelines when competing in a competition outside the United States and/or the Nations' Cup Interclub Competition, regardless of location. Contact the National Theatre on Ice Vice Chair before entering another federation's competition.

Special Note to Non-U.S. Figure Skating Teams: A letter from the team's federation or local club verifying their eligibility to compete must be sent along with application forms. No club or competition should accept a foreign team unless they have met the requirements set forth by U.S. Figure Skating and gained the approval of the National Vice Chair for Theatre on Ice.

- *Crossover Rule*

No crossovers (meaning skaters may not participate on two different level teams during the same competition) are permitted in any division, except in the case of Special Olympics/Therapeutic Skating Theatre on Ice teams. Skaters who assist the Special Olympics/Therapeutic skaters during their program are not considered crossover skaters but mentors.

- *Rosters*

The same skaters must skate both Choreographic Exercise (CE) and free skate in combined events except in cases of illness or injury in which case a rostered alternate may replace the ill/injured skater.

The same skaters must skate both CE and free skate in combined events.

5. Skaters are permitted to leave the visible portion of the performance (i.e. behind a curtain or piece of scenery), but must remain on the ice surface itself during the entire performance. All participants must wear their skates on the ice at all times. No one can remain behind the scenery, curtain or props for the entire performance – all skaters must be an integral part of the performance
6. Before the music is started the team must take a stationary position on the ice and one skater must give a hand signal to indicate readiness to begin the program.

If the interruption happens after the 30 second mark, the performance will continue from the point of interruption. Backup music must be readily available at rink side. No deduction will be made by the event referee or judges.
10. No substitution of personnel will be permitted once the program has started

BASIC SKILLS

BASIC SKILLS SHOWCASE EVENTS

Showcase events are open to skaters in Basic, Free Skate, Limited Beginner through Preliminary and Adult Bronze. Groups will be divided by number of entries and ages if possible. Skaters must enter at the same level as their free skate event or highest test level of skater's in the group ensemble or production number. If a free skate event is not being entered, skaters must enter at their current test level or one level higher. Vocal music is permitted.

Show costumes are permitted, as long as they do not touch or drag on the ice. Props and scenery must be placed and removed by unaided singles and duet competitors within one minute and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A 0.2 deduction will be assessed by the referee against each judge's mark for each five seconds in excess of the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint, for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious losses of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore, jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice.

6.0 Judging will be used. Deductions will be made for skaters including technical elements not permitted in the event description.

* For specific guidelines regarding the conduct of Showcase competitions, refer to the Nonqualifying Showcase Guidelines posted on www.usfigureskating.org.

Showcase categories *may* include:

- Levels can be subdivided, if necessary, depending on entry numbers and event set up
- Dramatic entertainment: Showcase program utilizing intense emotional skating quality to depict choreographic theme.
- Light entertainment: Showcase program emphasizing such choreographic expressive qualities such as comedy, love and mime while incorporating skating skills.
- Duets: Theatrical/artistic performances by any competitors.
- Mini production ensembles: Theatrical performances by three to seven competitors.
- Production ensembles: Theatrical performances by eight to 30 skaters. Theater On Ice teams are eligible as production ensembles. NOTE: Skaters may enter only one each duet, mini production or production event.

BASIC SKILLS THEATRE ON ICE 1-4

OVERVIEW

Basic Skills Theatre on Ice has been divided into four levels (TOI 1, TOI 2, TOI 3, TOI 4). Each level reinforces the elements learned to receive the badges at the corresponding level. TOI 1- 4 may be offered at any non-qualifying Theatre on Ice competition or US Figure Skating Basic Skills competition. In order to safely practice and compete at the various levels, it is strongly recommended that skaters have mastered the elements of the Basic Skills level at which they are skating. (See program requirements.) Props, Scenery and theatrical make up are not allowed.

ELIGIBILITY RULES

All skaters on the team must either be full US Figure Skating members or members of the US Figure Skating Basic Skills program. It is strongly suggested teams register with US Figure Skating, but this is not required. Members of other organizations are eligible to compete, but must be registered with a Basic Skills Program or as full members of US Figure Skating. In order for the team to be eligible for this event, no skaters on the team may have passed higher than the pre-preliminary moves in the field or adult pre-bronze test in any discipline.

JUDGING

The main emphasis of each level is mastering the basic skills of Theatre on Ice and showing control in the skating skills from the badge levels required. The focus is not difficulty, but the performance and expression of the three required elements. When possible, judges should be selected from those who have participated in a PSA or USFS Schools/ Seminars where Theater on Ice has been discussed, or have some familiarity with the discipline of Theatre on Ice.
