

Frequently Asked Questions:

How do I get Waiver compliant?

There are 4 waivers in all. There is one waiver on the FCFSC website and 3 from US Figure Skating.

If you signed these all prior to the Cup of Colorado competition, you may bring the same screen shot/print out for verification to this competition.

Prior to the event, we ask you to do the following:

All athletes attending the 2020 Fort Collins Fright Fest are required to complete the three standard U.S. Figure Skating waivers via Members Only and provide verification onsite prior to checking in. Directions can be found below and questions can be directed to memberservices@usfigureskating.org.

- Log in to www.usfsaonline.org
- Click the “Person Icon” next to your name followed by “2020-21 Competition Season Profile”

Click “Sign Waivers”

- Athletes under the age of 18 – parent/guardian must sign on their behalf
- After completing all three, take a screen shot of the main page with “last updated: XX/XX/XXXX” to show at registration. This will be required before you are given your credential.

Will I be able to dress and get ready at the Rink?

No, you will need to arrive ready to compete, except for your skates. There will be time allowed for you to put on your skates during your event line up time.

I am a coach with multiple athletes, how do I move throughout the building?

- 1) Coaches need to ensure that if they have 2 athletes at the same time in two different places, that they arrange for another credentialed coach to cover the other athlete
- 2) Coaches will be able to request a special dispensation for cases where they are conflicted based upon one event and they don't want the secondary coach to put their athlete on the ice for both events. They can notify the chief referee in advance and that will be noted on the check in sheets for the outside ice monitor

3) Coaches will be allowed to enter either rink late if they are listed on the event or PI check-in sheets as a primary coach in that event

Can coaches/parents help tie athletes' skates?

Coaches can assist with athletes' skates. There will be no locker rooms available for changing.

Who can enter the rink?

1 athlete, 1 coach, 2 chaperones. Everyone will have their temperature checked and will be required to follow the mask policy stated here. The Chaperone(s) will be directed to the stands upon entry. Upon completion of the athlete's program, the athlete, chaperones, and coaches will be escorted to the exit.

When do we enter the rink?

Athlete and coach will enter just before each practice ice/warm up ice session (no chaperones allowed). Athletes and coaches enter first for events. Chaperones will be ushered to their spectating area

when skaters are on their pre event warm up ice.

Please meet at the line up area at your designated time.

Event timing and flow:

Your event schedule will have all your station check in times. Health Screening and Registration will be ONCE per day before the first event or practice ice. The detailed times will also be sent to skaters, parents and coaches in a spreadsheet format. Starting orders will be posted on the club website.

What happens if I have a temperature?

Per CDC Guidelines, no individual will be allowed to enter the building if they have a temperature of 100.4 and above. There are NO exceptions (inclusive of athletes).

Where are the bathrooms?

Bathrooms inside the facility will be for Volunteers and Officials only. Stations with hand sanitizer will be provided and will be disinfected at regular intervals throughout the competition.

Can the athlete have personal items with them in the facility?

Since the skaters are only in the facility for practice/warm up ice and their event, items brought

into the facility should be minimal. Chaperones should keep the skater's skate bags and other large items with them in the seating area. Skaters should have water bottles and tissues with them only and the coach will be responsible for bringing those items to the skater at the ice surface exit at the conclusion of practice/warm-up or their event performance.

What else do I need to know?

- Keep an eye on your email in the lead up and during the event; this will be the primary method of communication. Especially if any changes need to be made
- Event information can be found here: <https://www.fortcollinsfsc.org/fort-collins-fright-fest/>
- Bring your own water bottle. Small snacks (i.e. bars) are permitted for athletes only
- Please come to the competition prepared and dressed. No locker rooms will be available.
- Tissues are permitted but must be disposed by the athlete outside of the facility (i.e. put it in your pocket and/or skate bag).
- Per the Chief Referee, the competition will run by the schedule and NOT run early due to the logistics of the schedule.
- Awards will be handed out OUTSIDE if at all possible after results or will be in the vestibule/exit area of the rink.
