Compete USA Approval # 25057

ELIGIBILITY RULES FOR PARTICIPANTS

The competition is open to ALL skaters who are current eligible (ER 1.00) members of either the Learn to Skate USA program and those who are full members of U.S. Figure Skating. To be eligible, skaters must have submitted a membership application or be a member in good standing. Members of other organizations are eligible to compete but must be registered with Learn to Skate USA or a member club. There will be no more than six competitors maximum in an event and all six should receive an award.

Eligibility and Test Requirements:

Eligibility will be based on skill level as of closing date of entries. All **Snowplow Sam and Basic Skills 1-6** skaters must skate at highest level passed or one level higher and NO official U.S. Figure Skating tests may have been passed, including Moves in the Field or individual dances.

For the **Pre-free skate, free skate 1-6, test track and Well Balanced levels**, eligibility will be based only upon highest free skate test level passed (Moves in the Field test level will not determine skater's competitive level). Skaters may skate at highest level passed OR one level higher, but not both levels in the same event during the same competition. Skaters may not compete at more than one level in the same type event at the same competition.

It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the Local Organizing Committee discovers that a skater has been placed in a category that is below his/her class level, the chairman and referee will have the option to move the skater into the proper division, even if this has to be done the day of the competition. This will ensure that every event is as fair as possible to the competitors. Please be sure to check for the director/instructor's signature confirming the level of the skater.

We reserve the right to subdivide or cancel any event if necessary.

COACHES COMPLIANCE - In compliance with U.S. Figure Skating rules, all individuals acting as a coach on site during this event must be compliant with Compete USA guidelines for Coach Compliance. Coaches must sign in at the registration desk (see above) to pick up their credentials which are to be worn at all times during the competition. If a coach does not meet the Compete USA requirements in time of the start of events, the Competition Committee will inform the coach of his or her ineligibility and ask him or her to leave the premises. For more information, please visit www.learntoskateusa.com and see Coaches Compliance

SHOWCASE EVENTS:

Showcase events are open to skaters in Basic, Free Skate, Limited Beginner through Preliminary and Adult Bronze. Groups will be divided by number of entries and ages if possible. Skaters must enter at the same level as their free skate event or highest test level of skater's in the group ensemble or production number. If a free skate event is not being entered, skaters must enter at their current test level or one level higher. Vocal music is permitted.

Show costumes are permitted, as long as they do not touch or drag on the ice. Props and scenery must be placed and removed by unaided singles and duet competitors within one minute and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A 0.2 deduction will be assessed by the referee against each judge's mark for each five seconds in excess of the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint, for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious losses of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice.

6.0 Judging will be used. Deductions will be made for skaters including technical elements not permitted in the event description.
