SHOWCASE DRAMATIC AND LIGHT EVENTS

Please refer to 2017 Governing Council Combined Report of Action for further details.

DRAMATIC AND LIGHT events are offered for each division. Skaters may enter either or both within their test level. Skaters who enter more than one showcase event must perform different programs in each showcase event they enter with different music, costumes and choreography for each routine. Dramatic programs are serious performances usually intense with emotion. Light Entertainment programs are programs that have showmanship and have entertainment value.

Competitors must enter the showcase event at the same level as their free skating event. Eligibility rules for Singles free skating shall apply except where levels are combined. Showcase Dramatic and Showcase Light events of the same level may be combined if there are not enough entries in those events. Male and female skaters may also be combined.

MUSIC: Vocal music is permitted.

COSTUMES: Skating attire should reflect the character of the music chosen, but must be modest, dignified, and not garish or theatrical in design. Any ornamentation attached to the clothing must be firmly fastened so as not to fall off while skating under normal competitive conditions.

JUDGING: The Showcase Program is one in which the skating moves are selected for their value in enhancing the skater's artistry and interpretation of the music rather than for technical difficulty alone. Credit for jumps and spins will be based solely on their choreographic effectiveness. Nevertheless, technical errors that seriously disrupt the artistic presentation of the program will be considered in marking these events.

One mark will be given for the Showcase Program.

1. The following shall be considered:
 - a. Interpretation of the music and rhythm
 - b. Musical timing and understanding of the phrasing of the music
 - c. Use of entire body to develop the artistic and musical expression
 - d. Creativity
 - e. Choreography – art of arranging movements
 - f. Variation of tempo, tension, emotion, movements
 - g. Internal motivation of movements and expression projected to the audience
 - h. Suitability of music to the skater

2. Judges shall deduct 0.1 to 0.2 for the following:
 - a. Prohibited jumps
 - b. Prolonged lying on the ice
 - c. An excess of two footed skating
 - d. Falls which are the fault of the skater and not part of the program and which interrupt the harmonious composition
 - e. Violation of the clothing rules, theatrical or garish make-up, removable pieces or props

Learn to Skate events are open to ALL skaters who are current eligible (ER 1.00) members of either the Learn to Skate Program and/or are full members of U.S. Figure Skating. To be eligible, skaters must have submitted a membership application or be a member in good standing. Skaters may skate at highest level passed OR one level higher BUT not both levels in the same event during the same competition.*

It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the Local Organizing Committee discovers that a skater has been placed in a category that is below his/her class level, the chairman and referee will have the option to move the skater into the proper division, even if this has to be done the day of the competition. This will ensure that every event is as fair as possible to the competitors. Please be sure to check for the director/instructor's signature confirming the level of the skater.
