The rink building and the outdoor arena will be used to manage the flow of participants with strict guidelines and timing to follow through the process.

BUILDING LAYOUT AND ACCESS

Below is a map of Kansas City Ice Center (figure 1.1). Temporary modifications have been made to the arena to accommodate for social distancing and further measures are being taken to ensure the safety of attendees and participants at Silver Blades FSC's 2021 Heart of America Invitational.

Pathways have been established within the facility to minimize footprint and socialization between groups. You will not be permitted access to the facility until your designated time per the detailed schedule. Skaters who miss their arrival time will be escorted to the appropriate area in accordance with their schedule – there will be no 'redo' if missing the warm up timeslot.
