Compete USA Announcement

The competition is open to ALL skaters who are current eligible (ER 1.00) members of either the Learn to Skate USA program and/or are full members of U.S. Figure Skating. To be eligible, skaters must have submitted a membership application or be a member in good standing. Members of other organizations are eligible to compete but must be registered with Learn to Skate USA or a member club.

ELIGIBILITY: will be based on skill level as of closing date of entries, January 23, 2017. All Snowplow Sam and Basic 1-6 skaters must skate at highest level passed or one level higher and **NO** official U.S. Figure Skating tests may have been passed including Moves in the Field or individual dances.

For the Pre-freeskate, Freeskate 1-6, and Well Balanced levels, eligibility will be based only upon highest free skate test level passed (moves in the field test level will not determine skater's competitive level). Skaters may skate at highest level passed OR one level higher BUT not both levels in the same event during the same competition.

It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the Local Organizing Committee discovers that a skater has been placed in a category that is below their class level, the chairman and referee will have the option to move the skater into the proper division, even if this has to be done the day of the competition. This will ensure that every event is as fair as possible to the competitors.

Compete USA Competitions

SHOWCASE EVENTS:

Showcase events are open to skaters in all basic and freeskate levels. Groups will be divided by number of entries and ages if possible. Basic 1-6 and Pre Free Skate to Free Skate 6 may be combined. Skaters must enter at the same level as their free skate event or highest test level of skater's in the group ensemble or production number. If a free skate event is not being entered, skaters must enter at their current test level or one level higher. Vocal music is permitted.

Show costumes are permitted, as long as they do not touch or drag on the ice. Props and scenery must be placed and removed by unaided singles and duet competitors within one minute and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A 0.2 deduction will be assessed by the referee against each judge's mark for each five seconds in excess of the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint, for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious losses of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore, jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice.

6.0 Judging will be used. Deductions will be made for skaters including technical elements not permitted in the event description.

For specific guidelines regarding the conduct of Showcase or Artistic competitions, refer to the use the most current competition manual. Please click here: [Learn to Skate USA](#)

Dramatic entertainment: Showcase program utilizing intense emotional skating quality to depict choreographic theme.

Light entertainment: Showcase program emphasizing such choreographic expressive qualities such as comedy, love and mime while incorporating skating skills.
