

Triangle FSC of NC greatly appreciates your participation in our club community!

We are excited to be hosting some great events this spring, particularly the 2017 U.S. Figure Skating Adult National Championships when we will welcome over 350 skaters along with their coaches, families and fans to the Polar Ice House @ Wake Forest.

These events permit us to accrue funds that support our Club Ice, Competitions and Test Sessions and keep our club running smoothly. We cannot do these large-scale fundraisers without our Volunteers! As part of your club registration, we requested 5 hours of service from each skating family which we hope to give you ample opportunities to complete before the end of the membership year June 30th, 2017.

We would like you to pledge your support to one or more of our upcoming events so that we can identify volunteer pools and interest areas for each event and contact you directly when we are mobilizing our sign-up instruments. At least three daily shifts will be available during Adult Nationals so please let us know if you might be available in AM, PM or Evening. If you have a particular interest area (e.g. Registration, Ice Monitoring, Hospitality) let us know that as well or "General" if you would like us to send you more information about the various volunteer positions.

Name _____ Skater name _____
